No animals may be kept for any commercial purposes in any home or on any lot. When walking animals, the homeowner is responsible for immediately picking up any waste left by the animal. Dog and cat feces must be removed from your outside personal property within 24-48 hours. Landscape contractors will not mow lawns with feces as it is unsanitary for their personnel and their equipment. Please make sure that pet feces are removed before mowing day. It is also a health hazard to the neighbors in our community.

NOTE: It is also mandated by New Hanover County that dog and cat waste in public areas be cleaned up immediately.

When it rains, bacteria and pathogens in pet waste wash directly into the storm drainage system, into your neighbor's property, then into our waterways – untreated! Also, dog and cat waste can cause illness and disease in humans and other pets. This law is enforced under the Nuisance Statute by the New Hanover County Sheriff's Department.

NOTE: Be aware that you are required to conform to the New Hanover County laws regarding animals, including but not limited to licensing, adequate shelter, barking and leash laws.
